Monil, you've tackled an impressive array of challenges such that I can hardly believe you have been with us only five months. Cloudant, Terraform, AT, and BYOK are just examples showing your flexibility and talent for learning, applying, sharing knowledge, and advancing the quality of our service. As 2021 wraps, just my personal & deep thanks for all you've achieved in such a short time. I'm super happy you joined our squad!! Happy holidays and catch you in 2022! Best - Chris
